

OGEN & SEDAGHATI, P.C.

PERSONAL ATTENTION. QUICK ACTION. MAXIMUM RECOVERY. PROVEN RESULTS.

There's a reason why nearly 100 percent of Ogen & Sedaghati's cases come from referrals: Results. Six- and seven-figure jury verdicts and settlements dominate Eitan Ogen's and Natalie Sedaghati's track record, even for soft-tissue or problematic cases, such as the following disputed liability and causality cases:

- \$4.25 million for a client with degenerative disc herniations. No ambulance, no ER, returned to work after accident
 - \$2.45 million for low-speed, minimal-damage accident, where the client had similar MRI findings pre-accident
 - \$1.375 million for a client who exacerbated a prior knee injury in a no-damage motor vehicle accident, with no ER, no lost wages
 - \$1.3 million—\$300,000 more than suggested to the jury—for a client with a disputed herniated disc, who'd returned to work and required no surgery
 - \$1.2 million—one of the highest for pain and suffering only, the majority of which was sustained on appeal—for a soft-tissue, non-surgical disputed degenerative herniated disc
- The attorneys' skills impressed a juror that kept the firm's name—just in case. When he was later injured in an accident, he called Ogen & Sedaghati to represent him.
 - The firm has also impressed defendants, who subsequently sought the firm's representation when they were injured in accidents.

Ogen, member of the Million Dollar Advocates Forum, and Sedaghati, member of the Multi-Million Dollar Advocates Forum, are tireless, passionate advocates for their clients.
